

Arizona Division Secretary's Report for 2009-2010

The Arizona Division had a total of 243 individual USFA members and 11 clubs located in the state, seven of which are club members of the USFA.

The USFA recently changed their membership categories, combining a number of different competitive categories into one without differentiation based on age. Thus, there will no longer be separate categories for Senior, Junior and Veteran competitive fencers. The new membership categories are:

Membership Category	1-Year Cost
Competitive	\$ 60
Professional (Coach membership)	\$ 125
Life	\$ 1200
Life Installment	\$ 120 for 10 years
Supporting (non-competitive)	\$ 40
Family (2 competitive members)	\$ 110 (\$50 add'l competitor)
One-Day (available online only to compete in local or Regional for one day)	

The new "One-Day" membership category for 2010-2011 will allow a fencer to purchase a one-day membership ONLY online at the USFA's website in order to be able to fence at a local or regional event. The fencer must provide the date of the tournament and produce the printed confirmation of the one-day membership at that tournament. This category is not upgradeable. All current USFA members have already had their existing category converted to its equivalent new category in the USFA's database.

Report Date: July 30, 2010
